

EXTERNAL ADVERTISEMENT FOR NATIONAL UNV ROSTER

Opportunity for interested applicants to work as National UN Volunteers in Ethiopia!

The United Nations Volunteers (UNV) programme is the UN organization that promotes volunteerism to support peace and development globally. Volunteerism can transform the pace and nature of development, and it benefits both society and the individual volunteer.

UNV is inspired by the conviction that volunteerism is a powerful means of engaging people in tackling development challenges worldwide. Everyone can contribute their time, skills and knowledge through volunteer action, and their combined efforts can be a significant force for achieving peace and development.

In Ethiopia volunteerism is deeply embedded in long-established, ancient traditions of sharing support within communities. In this context, UN Volunteers take part in various forms of volunteerism and play a role in development and peace together with co-workers, host agencies and local communities. In all assignments, UN Volunteers promote volunteerism through their action and conduct. Engaging in volunteer activity can effectively and positively enrich their understanding of local and social realities, as well as create a bridge between themselves and people in their host community. This will make the time they spend as UN Volunteers even more rewarding and productive.

To this end, qualified Ethiopians are invited to apply to the National United Nations Volunteers (NUNV) programme and be included in the Roster as potential National UN Youth Volunteers and National UN Volunteer Specialists in Ethiopia.

Prospective candidates will be hired as National United Nations Volunteers and work with different UN Agencies, NGOs, Government bi-lateral programmes and Private Sectors working at Regional, Woreda and Kebele level in support of the development process of the country.
