

Vacancy Announcement

Addis Ababa University College of Natural Sciences has vacancies for the following positions

Position	Qualification	Qty	Experience	Remark
Associate Professor or above	PhD in condensed matter Physics/ superconductivity	1	- A minimum of 10 years of experience in teaching and research - At least two publications in the last two years	Physics
Assistant Professor or above	PhD in Quantum Field Theory	1	- A minimum of three years of experience in teaching and research - At least two publications in the last two years	Physics
Assistant Professor or above	PhD in Quantum Optics	1	- A minimum of four years of experience in teaching and research - At least two publications in the last two years	Physics
Associate Professor or above	PhD in Statistical Physics	1	- A minimum of four years of experience in teaching and research - At least two publications in the last two years	Physics
Associate Professor or above	PhD in nuclear physics	1	- A minimum of 10 years of experience in teaching and research - At least two publications in the last two years	Physics
Assistant Professor or Above	PhD in Computational and /or Data Science related fields	3	At least four years of experience in teaching higher education at MSc or PhD level Proven record in Operational research or related fields Masters in Computational Science Experience doing research in post Doc Level at least for two years Publication on a reputable journal is an advantage Teaching experience in Parallel programming , High Performance Grid Computing. Have a good knowledge of High performance of HPC architecture and its usage	Computational Science
Professor of Statistics	PhD in Statistics	2	- Has BSc and MSc in Statistics - At least ten years of teaching and advising post graduate students in a recognized University - At least Ten publications on reputable Statistics journals	Statistics
Associate Professor of Statistics	MSc, in Statistics and above	2	- Has BSc in Statistics - At least ten years of teaching and advising post graduate students in a recognized University - At least five publications on reputable Statistics journals	Statistics
Assistant Professor	MSc in Statistics and above	2	- Has BSc in Statistics - At least five years of teaching experience in a recognized University	Statistics
Assistant Professor or above	PhD in Soil and Plant Nutrition	1	- This position requires PhD work on Soil and Plant nutrition - Interest or experience in teaching in higher education; - 3-5 Peer reviewed publications in these specialization areas; - Capability to advising graduate students; - Capability to develop competitive research grant proposals; applicants with winning proposal or with history of won proposals will be given priorities; - Female applicants get priority in provided they fulfill all criteria	Plan Biology and Biodiversity Management
Assistant Professor or above	PhD in Ethnobotany	1	- This position requires PhD work on Ethnobotany with particular emphasis on applied Ethnobotany - Interest or experience in teaching in higher education; - 3-5 Peer reviewed publications in these specialization areas; - Capability to advising graduate students; - Capability to develop competitive research grant proposals; applicants with winning proposal or with history of won proposals will be given priorities; - Female applicants get priority in provided they fulfill all criteria	Plan Biology and Biodiversity Management
Assistant professor	PhD in Geophysics. Teaching Potential Field methods and Exploration Geophysics.	1	- At least 10 years of experience in teaching geophysics course at graduate and undergraduate level in the mentioned fields and supervision of MSc and PhD candidates, preferably in Ethiopian Higher Institutions of learning - Proven track record in geophysics especially in Potential Methods - Publications in international journals of repute	School of Earth Science
Professor/Associate Professor	PhD in Geophysics, specialization in the areas of Electrical, Electromagnetic, Well Logging and radiometric Methods and hold a rank of Professor/Associate professor in Geophysics at a recognized University	1	- At least 10 years of experience in teaching geophysics courses in the mentioned specialization areas and supervision of graduate candidates at PhD and MSc levels, preferably in Ethiopian Higher Institutions of learning - Proven track record in geophysics especially in E and EM methods, Well Logging and Radiometric Methods - Publications in international journals of repute	School of Earth Science
